Sir:

In response to the Notification of Defective Response dated July 21, 2008, Applicants note that formal drawings in accordance with 37 C.F.R. 1.81 were submitted on June 29, 2007. Applicants representative has further confirmed that such drawings are present in PAIR. Thus, no further drawings are necessary.

Also, Applicants note that the International Application PCT/EP2005/000741 was filed and published in English. The Notification indicates that an English translation of the International Application was filed on May 4, 2007. This is incorrect. On May 4, 2007, as indicated in PAIR, the only part of the specification filed was a revised Sequence Listing. No translation surcharge is therefore applicable.

Having met all of the requirements for filing, Applicants respectfully request an official Filing Receipt. Applicants further note that if this is not considered a sufficient reply, it is respectfully requested that the attorney listed below be contacted at the number listed below.

Respectfully submitted,

Herbert MOESSLER et al.
